

AUSTRIANS ARE COURTING FRIENDSHIP OF AMERICANS FOR AFTER WAR EFFECTS

(By Associated Press.)

VIENNA, July 6.—Americans who have lived in Austria for the major part of the war have been delighted to notice a distant change in the feeling of the public of late, a reversion to the old popularity which Americans always enjoyed here.

One factor is the emigration question, which touches Hungary more acutely than it does Austria. It is a factor that involves some \$150,000,000 a year, for this is the sum it is estimated is sent back to Hungary annually from its citizens who in normal peace times wander out to America.

A second factor concerns the bath and cure resorts of Austria, formerly patronized chiefly by the English, French and Russians, and now suffering cruelly from the war and having to exist on none to free-handed and local German patronage.

The Austro-American steamship lines constitute a third factor in the friendly relationships, for the theorists count on an unprecedented influx of travelers to Europe from the United States, an influx that very conceivably may tax to the uttermost limit all existing transportation facilities, and reckon that if Austria-Hungary emerges from the war with the good will of Americans there is nothing to prevent a veritable avalanche

of business for steamer lines to Austria.

Nearly all the nations at war, but particularly Germany and Austria-Hungary, have made remarkable advances in the creation of substitutes for articles and materials that have given out. Many of these substitutes will last far beyond the war, but conservative men among the Central powers feel positive that by and large everyone will go back to the old things in use. The fact that substitutes have had to be created is but the way of proving that importation of raw materials is absolutely unnecessary—and America is the greatest exporter of them in the world.

Though no one can say with assurance, prevailing opinion is that certainly for a long time after the war there will be a lull in emigration to America, because of the anticipated need for workers at home. Just as many employers and labor experts in Germany feel that wages there are going to go up or stay up on an attractively high level, so the feeling exists in Austria-Hungary that working conditions here will be such that the inclination to leave will be smaller than ever before. In fact, a return swing in the tide of emigration, bringing back many now in America, is by no means considered an impossibility.

BASEBALL LARGENY TO BE PUNISHED

GREAT LOSS TO CLUBS CHECKED BY THE EXERCISE OF DISCIPLINE

(By Associated Press.)

NEW YORK, July 6.—The crusade inaugurated by the officials of the New York American League Baseball club against the habit of certain spectators in retaining foul balls knocked into the stands and bleachers is already showing satisfactory results. The example made recently by the arrest and fining of a few spectators who refused to return balls that came into their possession has proved salutary and the club is now using fewer balls than was the case before the effort was made to curb the practice.

The officials state that they were forced to take action as a result of the number of baseballs lost during every game played upon the home grounds. It is estimated that close to 3000 balls are used during the season and at \$1.25 each they represent an outlay of more than \$3500 each year. A considerable percentage of these balls are lost in the manner described. While the team is on the road no difficulty is experienced in this direction, as the parks of other cities are guarded by regular police and not special officers such as is the case in New York.

AFTER MCCOY PROPERTY

J. H. McCoy, discovered of the camp of McCoy, twenty miles south of Battle Mountain, states that mining operators of Kingman, Ariz., are negotiating for his holdings. If they are acquired reduction works will be constructed.

One of our own admirals says that air war is merely in its infancy. It ought to prove quite an important factor when it grows up.—Philadelphia Inquirer.

CALL TO NEUTRALS TO AID BELGIUM

COMPLETE RESTORATION OF INDEPENDENCE AFTER WAR IS THE CHIEF AIM

(By Associated Press.)

THE HAGUE, Netherlands, July 6.—The complete restoration of the independence of Belgium is the object of a call to the neutrals of the American republics, the three Scandinavian states, Switzerland, and Spain, which has been issued over the signatures of 120 university professors, artists, writers and other well known men of Holland.

It is declared that the government and parliament of the German empire, alone of all the belligerents, have officially declared that they will endeavor at the conclusion of peace to put an end to the independence of a neighbor state. Various utterances of the imperial chancellor are quoted as bearing this out, and are interpreted as meaning that neither in a military nor economic respect, nor even in the arrangement of such questions as the relationship between the two languages of the country, is Belgium to be mistress of her own house.

The call to the neutrals says the whole world, with the exception of Germany and her allies, is convinced that the robbery of any state whatever of its independence must be regarded as a crime and as a source of fresh wars.

SHIPPING FROM NORTH STAR

A carload of very fair grade ore was shipped last week from the North Star. Shipments are now going out at the rate of a carload a week. The ore is being taken from the 850 and 1050 levels, where development is in progress, as well as on the 950. For the past three months the mine has been yielding a good profit.

AMERICAN DRINKS OF QUEER NAMES

STOCKHOLM MAKES A BID FOR AMERICAN TOURISTS BY OPENING A BAR

(By Associated Press.)

STOCKHOLM, July 6.—Now that the war has made of Stockholm probably the most cosmopolitan capital in all Europe the so-called "American Bar" has taken its place among the institutions of the city.

The elaborate list of "American drinks" includes the usual assortment of cocktails and many strange concoctions such as a "Prince of Wales," a "Prince of Monaco," a "Gibson Girl," a "Prairie Oyster," a "Corps Reviver," a "Hot Locomotive," and "American Grogg"—the latter being the only name known in Scandinavian for Bourbon, rye or blend.

There are "Temperance Drinks" as well, with ice cream soda priced at one Swedish crown, or "krona," which at the present rate of exchange equals 31 cents in American money.

WOMAN DIES AS RESULT OF TAKING MERCURY TABLETS

Mrs. Montez Ferguson passed away at the county hospital about 4 o'clock this morning. A short time ago the unfortunate woman swallowed thirteen bichloride of mercury tablets. She was a professional piano player and was about 42 years of age and a native of Iowa. Deceased is survived by her mother and two children, who reside in Iowa.—Humboldt Star.

NOTICE OF FORFEITURE

To Rado S. Bulah, your heirs, executors and assigns. You are hereby notified that the undersigned have expended during the years 1914 and 1915 the annual amount of money, in labor and improvements necessary to comply with the annual assessment law upon the Keystone and Keystone No. 1 and Keystone No. 2 mining claims situated in the Fairplay Mining District, at Atwood, Nye County, Nevada. Said claims are recorded in Book 59, pages 437 and 438, at the office of the Recorder of Nye County, at Tonopah, Nevada. Said expenditures were made for the purpose of holding possessory right and title to said mining claims under the provisions of Section 2324 of the Revised Statutes of the United States. If you fail to contribute your proportion of such expenditure as a co-owner in and to the above mentioned mining claims they will become the property of the undersigned, your proportion being in the sum of an aggregate \$150 for the said two years, your interest in said claims, the undersigned, who have made the expenditures and improvements as above mentioned, pursuant to the provisions of said statutes.
